MAASE Focus Areas:

We will align and organize the strategic priorities and work of MAASE to focus on the following elements:

Through the platforms of:

Association Partnerships	Legislative Action and Advocacy	Professional Learning	Membership Services

EdCamp is an open format where group members share thoughts to help one another in implementation of "real life" practice. These notes reflect the thinking of someone in the group but do not represent an official position on behalf of MAASE. Anyone using this as a resource is encouraged to use their best judgement in interpreting the suggestions.

MAASE EdCamp Format:

1. Clarify the Problem of Practice to Solve
2. Collaborate around the Problem of Practice by offering suggestions and resources
3. Give feedback to the committee on how to improve next time

Notes:

- What is the problem of practice?

How do we do effective program evaluations?

- Suggestions and resources:

*What can be done at summer institute to showcase some work?
*Relation to Teacher Leader Activities

Great Instruction, Great Achievement For Students with Disabilities: A Road Map for Special Education Administrators
By: John L. O'Connor

Start: Simple!

What are some "skeletons" (models)? How can we coach each other?
-This is what the goal is for June MAASE

Program Evaluation is more of a "way of thinking" than lock-step strategies.

The most important question is: What does success look like?

Using "The Logic Model" to help develop and create where you might like to go

Feedback:
- What made this time worth your while?
- What specifically can we do to make this better?
